

County Schools and traffic delays

Those travelling south on the A34 to Abingdon on Saturday are likely to meet traffic delays if taking the slip road off to Abingdon (North). Apparently, there is a four-way traffic system leading down Lodge Hill to Abingdon, with sporadic closures of Dunmore Road. The advice to those of us coming in from the frozen North is to continue to the main Abingdon junction (the Marcham Interchange) and drive back to Dunsmore Road and Tilsley Park , initially via the A415.
